

BEARMORE WILL BREED ORLOFFS.

Joins Dr. Hansen at Osage, Iowa.

W.S. Bearmore, who has been known to the poultry fraternity for many years as a breeder of Buff orpingtons at Maquon, Illinois, has sold his flock of Buffs and moved to Osage, Iowa, to take charge of the Russian Orloff Yards of Dr. M.A. Hansen.

Dr. Hansen has been winning all the blue ribbons on these aristocratic and beautiful fowls at both Chicago and New York for the past five years and the acquisition of Mr. Bearmore with his long breeding experience indicates the success Dr. Hansen is having in introducing this picturesque breed to the American public.
